About this report. The Daily Tape is generated automatically from Ticker&Tape data: end-of-day prices, ratings and bases from the last close, and after-hours and pre-market prices as of 8:22 a.m. ET. RS Rating ranks 12-month performance from 1 to 99. Ratings, bases and pivots are calculated automatically and can be wrong. This is a research tool, not investment advice; do your own analysis before you trade.
